WIFI Access Resources (<https://www.thewcs.org/community-resources/>)

- **Optimum** will be offering home internet access for families that do not currently have home Internet access. Please call 866-200-9522 to enroll.
- **Comcast** will be offering free service at its Xfinity hotspots for 60 days. The access points are mostly in public locations but some are in small businesses.
- **AT&T** is also offering 60 days of free public service.
- **Spectrum** is offering free public access at its hotspots and will not cut service to residential or small business customers who are unable to pay their bill because of coronavirus disruptions. Spectrum is also offering free broadband to households with students. Call 844-488-8395 for assistance.
- **Verizon** announced it would not charge late fees or disconnect accounts for an indefinite amount of time.
- **T-Mobile, Sprint, AT&T and Comcast** are all lifting their unlimited data caps for cell phone subscribers for at least 60 days.

Please contact your service provider.

999 Greene Avenue, Brooklyn, NY 11221

Need FREE Food Delivery Assistance?

The City of New York is providing assistance to New Yorkers during the COVID-19 crisis by delivering meals to those who cannot access food themselves.

If you meet all of the following criteria as a result of the COVID-19 emergency, you may place an order every 48 hours for this service.

- *No members of the household can go out and get food because they are at increased medical risk or homebound*
- *No neighbors or family members can go out and get food for you*
- *Do not receive meal assistance from other providers (incl. Meals on Wheels or God's Love We Deliver); and*
- *You are unable to afford meal delivery or grocery delivery*

***COMING SOON WEEKLY EMAILS FROM YOUR PARENT
COORDINATOR MS. PINK. KEEP CHECKING YOUR EMAILS
& SOCIAL MEDIA FOR UPDATES.***

A background of red curtains, slightly parted in the center, with the words "COMING SOON" written in white capital letters across the middle.

COMING SOON

The background of the slide is white and features several red, 3D-rendered virus particles of varying sizes. These particles have a spherical shape with numerous small, pointed protrusions on their surface, resembling coronaviruses. They are scattered across the slide, with some appearing in the top left, top right, and bottom left corners, and others more centrally located.
