CSAA and PSAL Athletics Update

- The Charter School Athletic Association (CSAA) and Public Schools Athletic League (PSAL) will be requiring the COVID-19 vaccination for all students and staff participating in high-risk sports this year. This requirement applies to scholar-athletes, coaches, and athletic directors.
- High-risk sports include volleyball and basketball.
- Participants in fall high-risk sports (volleyball, and basketball) must get their first dose of the COVID-19 vaccine by the first day of competitive play. Winter basketball and spring volleyball CSAA participants have until the beginning of their season to be fully vaccinated.

CSAA and PSAL Athletics Update

- Below is the schedule for High and JHS sports in our 2021/22 season with the COVID-19 requirements by low risk, moderate risk and high risk sports.
- **High Risk** - All players and coaches must be vaccinated
- **Moderate Risk** - Players must wear a mask before and during practices/games. Players with proof of vaccination are not required to wear mask
- **Low Risk** - Mask are suggested, vaccination is suggested

Low Risk	Moderate Risk	High Risk
Track and Field (Individual Events)	Baseball Flag Football Soccer Softball Track and Field (Relays)	Basketball Volleyball

CSAA and PSAL Athletics Update

WCHS Fall Sports Include the following:

Girls Volleyball
Girls Soccer
Girls JV Basketball
Boys Soccer
Boys JV Basketball
CO-ED Flag Football

Fall 2021 **October 19, 2021 – January 18, 2022** **Application** – Due Oct. 4, 2021 at 11:59pm

Are you passionate about storytelling? Do you want to learn journalism and podcasting skills?

You're in the right place! The Bell is looking for young people who want to dive into the world of podcasting and tell stories about their school communities.

The semester-long podcasting internship will give you hands-on training that you will put to use to create your own podcast episode.

Are you passionate about storytelling? Do you want to learn journalism and podcasting skills?

You're in the right place! The Bell is looking for young people who want to dive into the world of podcasting and tell stories about their school communities.

The semester-long podcasting internship will give you hands-on training that you will put to use to create your own podcast episode.

When are the meetings?

Meetings will take place Tuesday afternoons from 4:00 - 6:00 p.m.

Will it be in person?

The majority of the program will take place over Zoom, but we are planning to hold a few outdoor in-person meet-ups. If health conditions allow, we may also hold some in-person meetings. These will be scheduled according to the availability of participants. Details will be confirmed closer to the start of the program.

What will I get out of it?

- Journalism and multimedia storytelling skills that you can use for a lifetime!
- One published podcast episode
- $500 stipend

What is the application process like?

The first step is to submit the written application below. Next, we will invite select students to participate in a brief second-round interview. Final selections will be made by October 15.

What if I'm interested but not totally sure?

E-mail your questions to Mira Gordon — mira@bellvoices.org. Here is the Link for more details: Fall 2021 Internship — The Bell (bellvoices.org)

Reopening Fall 2021

Timeline:

- Mandate from NYS regarding:
  - COVID-19 vaccination or testing for school staff
  - universal masking in schools
- New COVID-19 regulation from New York City:
  - COVID-19 vaccination for school staff (1st dose) by October 4, 2021
- Received NYSED Guidance for K-12 which mirrors CDC guidance and allows options fully remote instruction (in addition to on snow days or emergencies):
  - Districts may create opportunities for fully remote instruction in cases where it is deemed in the educational best interest to the student
- WCHS Board of Trustees will review the information, plan and feedback
- WCHS' goal is full in-person instruction

Reopening Fall 2021

COVID-19 CDC, NYS & NYC DOHMH Updates:

- **All charter schools are required to follow the NYS guidance and NYC DOHMH guidance for charter schools. NYS Education Department issued guidelines for schools.**
- NYS DOH & NYC DOHMH Guidance for Fall:
  - NYS guidance allows schools to reduce physical distancing requirements to a minimum of 3 feet between students during academic instruction
  - Require universal masking
  - Prioritize in-person instruction due to learning gaps & mental health concerns
- Centers for Disease Control (CDC) released new suggestions on July 9, 2021 for states and local departments of health to consider as they create their plans for schools for Fall 2021 with new updates August 4, 2021 due to the rise of the Delta variant.

Reopening Fall 2021

CDC Guidelines for K-12 Schools:

- In-person instruction is a priority.
- Vaccination is the leading step to end the COVID-19 pandemic and help schools safely return to in-person learning, extracurricular and sports.
- Universal Masking in K-12 schools, regardless of vaccination status, due to the Delta variant
- Social Distancing: Schools should continue to keep students three feet apart in the classroom when possible.
- Layers of Prevention: Screening testing, ventilation, handwashing and respiratory etiquette, staying home when sick and getting tested, contact tracing in combination with quarantine and isolation, and cleaning and disinfection.
- Stay home when you are sick and contact a healthcare provider for testing and care.
- Monitor community transmission, vaccination coverage, screening testing, and occurrence of outbreaks.

Reopening Fall 2021

Indicators and Thresholds for Community Transmission*

- CDC has developed four levels of indicators and thresholds for community transmission of COVID-19.

Indicator	Low Transmission Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
Total new cases per 100,000 persons in the past 7 days[2]	0-9	10-49	50-99	≥100
Percentage of NAATs that are positive during the past 7 days[3]	<5.0%	5.0%-7.9%	8.0%-9.9%	≥10.0%

*See table 1 in K-12 Operational Strategy for additional information

NEW YORK STATE OF OPPORTUNITY. Department of Health

CDC Local COVID-19 Transmission as of 9/30/21

- Level of transmission (9/23-9/29/21) in Kings County, NY = High
- https://covid.cdc.gov/covid-data-tracker/#county-view

Kings County, New York

State Health Department

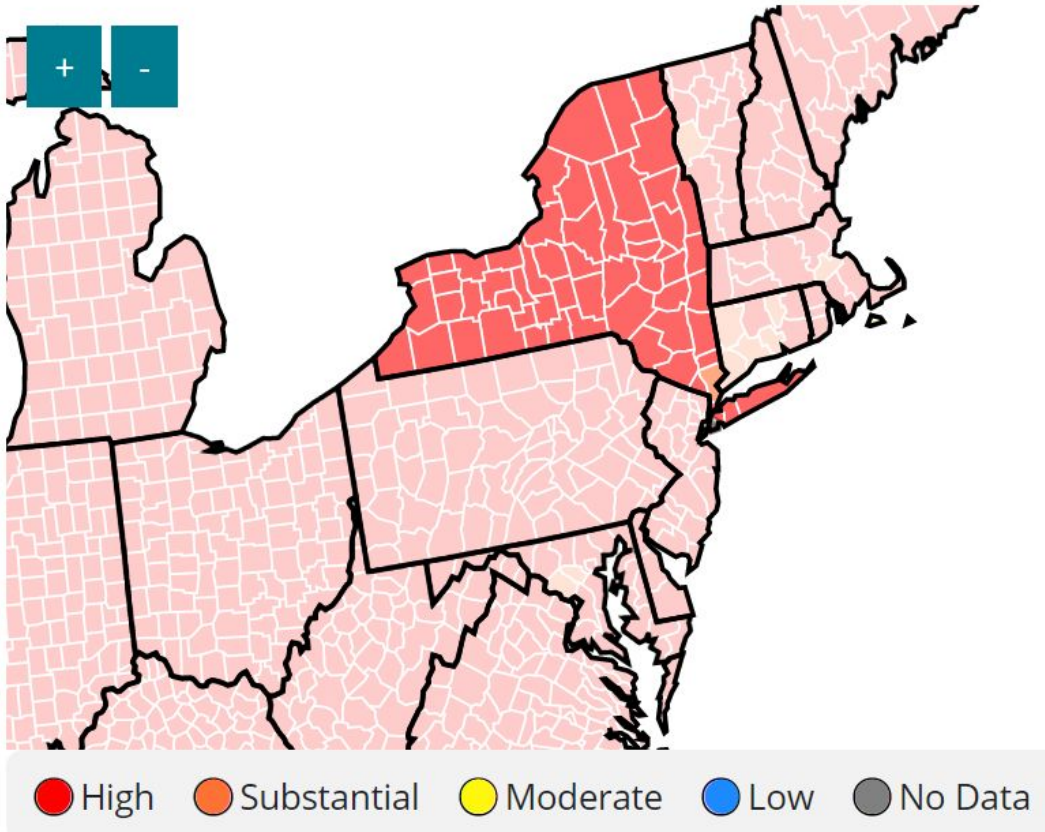
7-day Metrics | 7-day Percent Change

Community Transmission — High

Everyone in **Kings County, New York** should wear a mask in public, indoor settings. Mask requirements might vary from place to place. Make sure you follow local laws, rules, regulations or guidance.

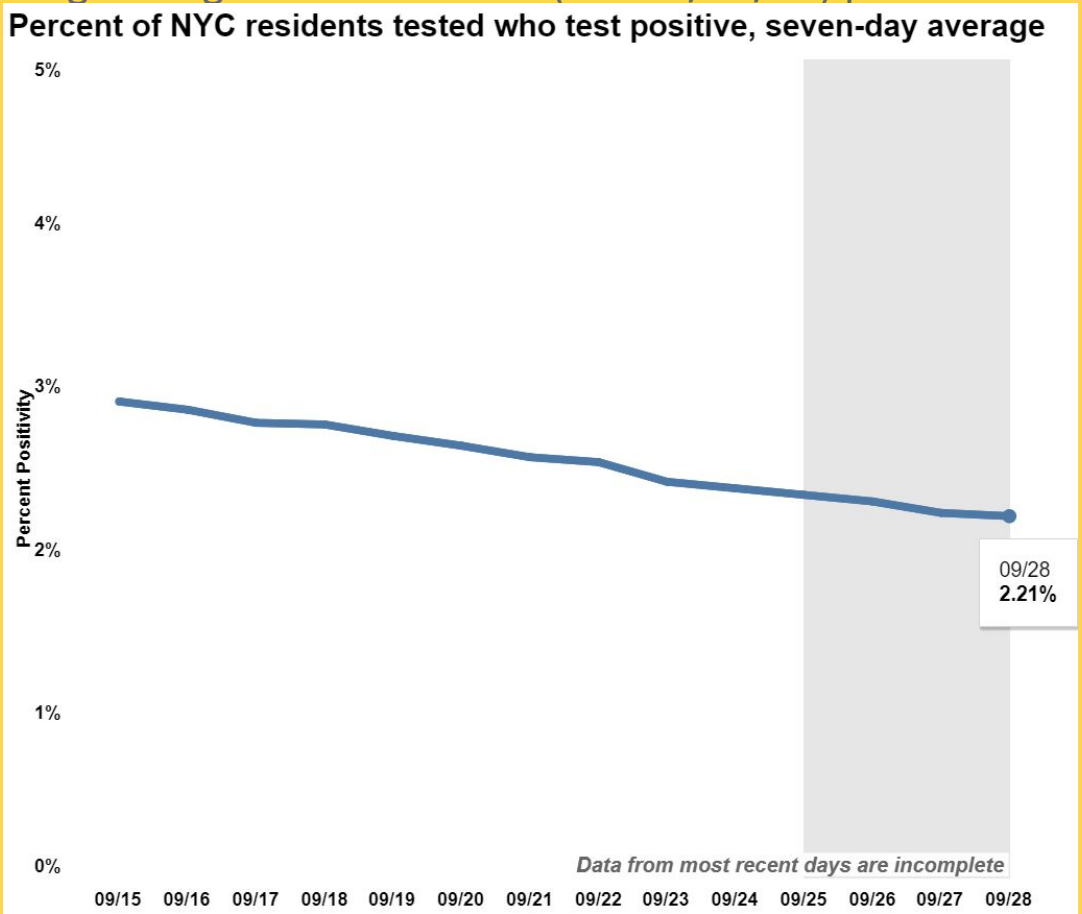
How is community transmission calculated?

	September 30, 2021
Cases	3,856
% Positivity	2.62%
Deaths	37
% Eligible Population Fully Vaccinated	66.1%
New Hospital Admissions	146



COVID-positivity rate as of 9/30/21

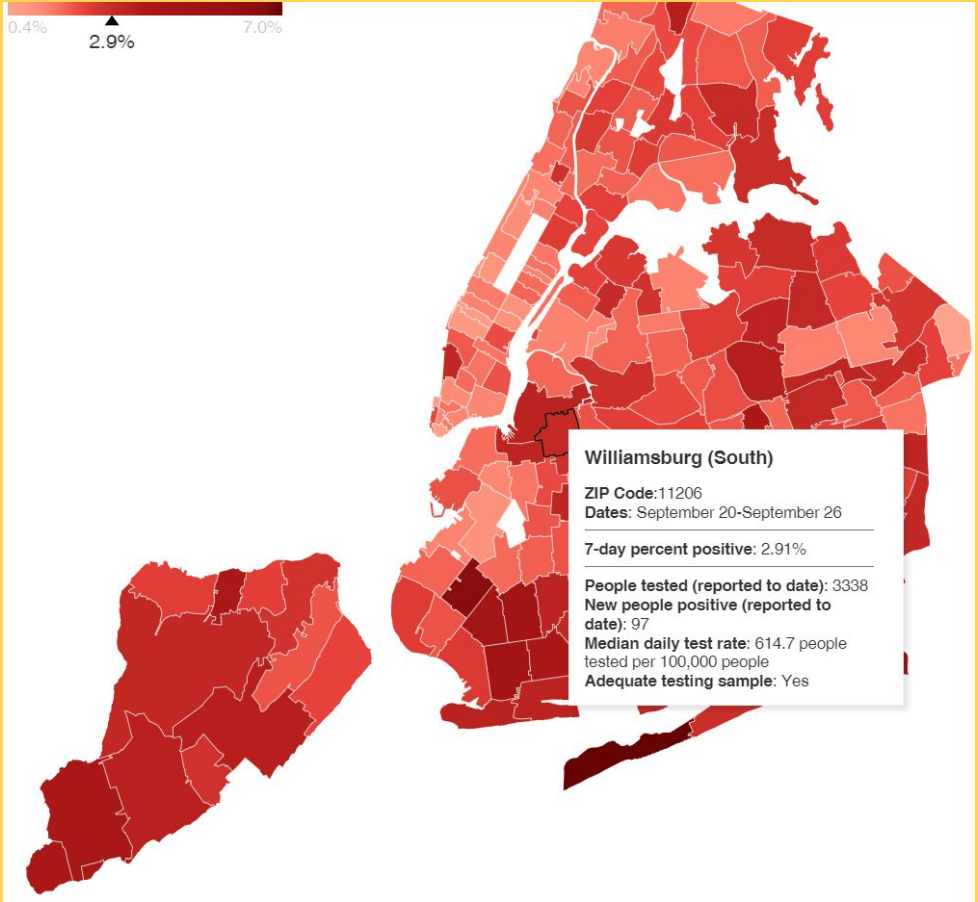
- 7-day rolling average in NYC = 2.21% (as of 9/28/21) per www1.nyc.gov



WILLIAMSBURG
CHARTER HIGH SCHOOL

COVID-positivity as of 9/30/21

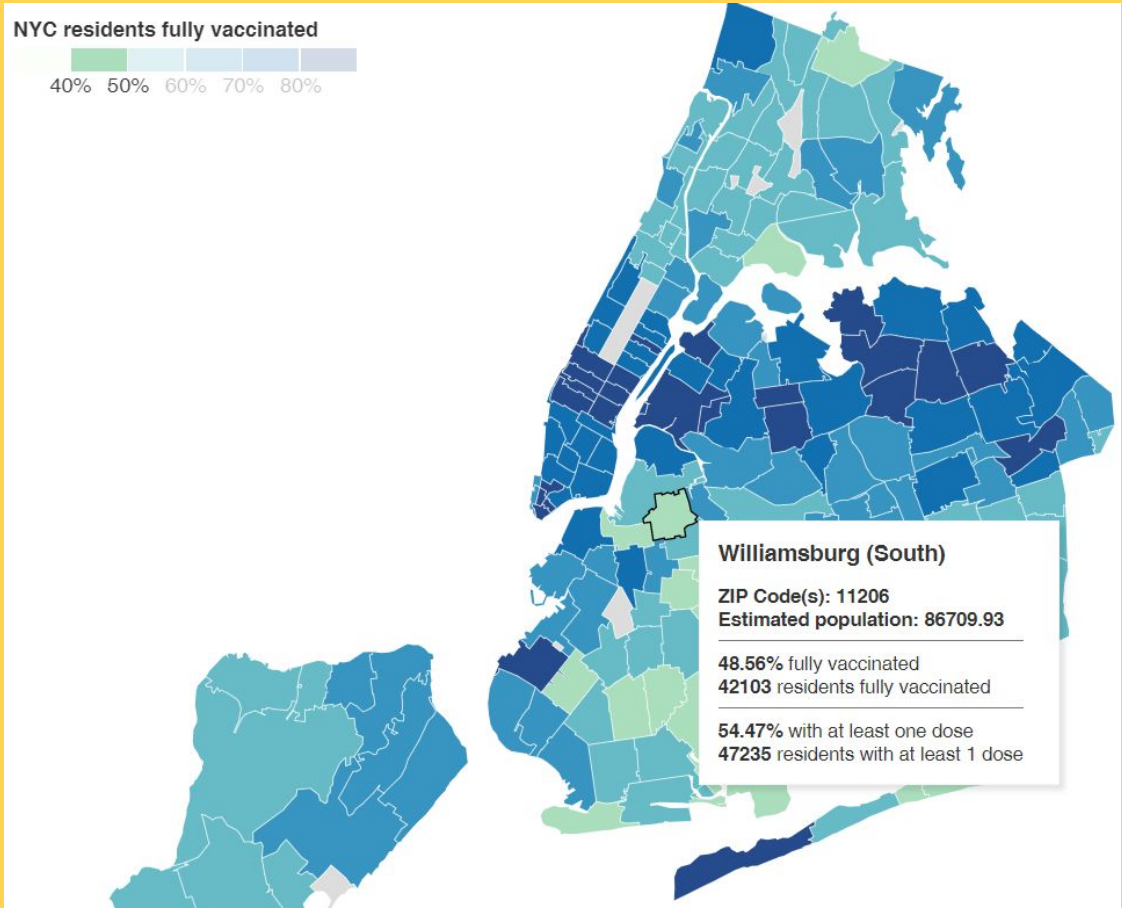
- 7-day average in 11206 Zip Code= 2.91% (from 9/20-9/26/21) per www1.nyc.gov



WILLIAMSBURG
CHARTER HIGH SCHOOL

COVID-19 Vaccination Rate as of 9/30/21

- % Population in 11206 Zip Code = 48.56% at fully vaccinated per www1.nyc.gov



WILLIAMSBURG
CHARTER HIGH SCHOOL

COVID-19 Variant of Concern as of 9/30/21

- Delta variant = 99% of tested cases in NYC population per www1.nyc.gov

The table below shows variants that have been observed in New York City and their classification. Currently, B.1.617.2 (delta) is the most widespread variant in the city. We will continue to closely monitor these variants and any new ones as they develop.

Variant	WHO name	Last 4 weeks:	Classification
B.1.617.2	Delta	99% of tested cases	Variant of Concern
Other		1% of tested cases	Variant Being Monitored
B.1.1.7	Alpha	0% of tested cases	Variant Being Monitored
B.1.351	Beta	0% of tested cases	Variant Being Monitored

Reopening Fall 2021

Under the present guidelines from CDC for schools, we anticipate the following safety measures until otherwise directed by NYC DOH and/or NYS:

- Prioritize in-person learning 5 days a week for all students
- Remote option available under certain conditions and if approved by the school
- Approximately 3 feet social distancing whenever possible
- Masks must be worn at all times in the school
- Daily COVID-symptom screening form must be completed by everyone prior to entering the building
- Continued frequent disinfecting and cleaning of high touch surfaces
- Ventilation in classrooms
- Onsite Nurse and coordination with NYC DOH Test & Trace Corps
- NYCDOE weekly student COVID-19 screening testing
- Encourage COVID-19 vaccinations for anyone ages 12+

Reopening Fall 2021

- **NYC DOE COVID-19 Testing - Students -Coming Soon!**
- Every school will have ten percent of unvaccinated students who have submitted consent for testing in their school population tested weekly.
- This way, if there is a positive case, action can be taken right away to protect the school community.
- Students who are fully vaccinated are not required to be tested.
- It is important that you provide consent for your child to participate in the in-school testing program.

Reopening Fall 2021

What if my child has COVID-19 symptoms?

Monitor your child for the symptoms including:

- fever of 100.0 degrees Fahrenheit or higher,
- chills,
- new cough,
- new loss of taste or smell, and/or
- new shortness of breath

Criteria for Returning to School After Showing Symptoms (Not for Close Contacts)

The table below outlines the criteria for returning to school for any individual not identified as a close contact (student or staff) showing symptoms of COVID-19:

If the individual received a **positive COVID-19 diagnostic test***	If the individual received a **negative COVID-19 diagnostic test***	If the individual **was not tested for COVID-19**	If the individual was **vaccinated against COVID-19 within the past three days**
They can return to school when they have: ☐ Isolated for 10 days ☐ Been fever-free for 24 hours without the use of medication and ☐ Overall symptoms are improving	They can return to school when they have: ☐ Been fever-free for 24 hours without the use of medicine and ☐ Overall symptoms are improving	They can return to school when: ☐ At least 10 days have passed since their symptoms started ☐ Have been fever-free for 24 hours without the use of medicine and ☐ Overall symptoms are improving	☐ If the **only** symptoms are fatigue, headache, chills, or muscle or joint pain, people may return to work if symptoms resolve within two days. If symptoms persist beyond this time frame, manage as potential COVID-19 infection (exclude them from school). ☐ If symptoms include cough, shortness of breath, runny nose, sore throat, loss of taste or smell, fever, nausea, vomiting or diarrhea, manage as potential COVID-19 infection (exclude them from school).

*A lab-based molecular test (PCR) is required to rule out COVID-19 if a person is symptomatic.

Reopening Fall 2021

What if my child has been identified as a close contact of a confirmed case of COVID-19?

In school settings, a close contact is someone who has been within 6 feet for 10 or more minutes over a 24-hour period of someone who has COVID-19 during their infectious period, regardless of face mask use or the presence of plexiglass or other barriers.

Exception: Per CDC guidance, in the classroom setting, students sitting 3 to 6 feet from a student with COVID-19 do not need to quarantine if they and the student with COVID-19 wore masks correctly and consistently. This exception applies only to students and not to staff.

Quarantine for Students and Staff Identified as Close Contacts to Someone with COVID-19

In the event there is a positive case in a classroom, students or staff may be asked to quarantine due to exposure to COVID-19. Students or staff who are:

- **At least 12 years old, fully vaccinated* and not showing symptoms** may continue to attend school in person. Out of an abundance of caution, these students are encouraged to take a COVID-19 test three to five days after exposure.
- **At least 12 years old, fully vaccinated* and showing symptoms** will be directed to quarantine for 10 calendar days.
- **Unvaccinated** will be directed to quarantine for 10 calendar days. On Day 5 of their quarantine, students or staff may take a lab-based molecular COVID-19 test (PCR test), and with a negative result, return to attending school in person **after** Day 7. Schools should verify negative test results.
- **Fully recovered from laboratory-confirmed COVID-19 in the past three months and show no symptoms of COVID-19 since the current exposure** may continue to attend school in person. Three months is measured from the date a person first had COVID-19 symptoms or, if they had no symptoms, the date of their first positive diagnostic test.

*An individual is fully vaccinated two weeks after a single-dose vaccine or second dose of a two-dose vaccine, where the vaccine has received emergency approval from the FDA or World Health Organization.

All individuals identified as close contacts to someone with COVID-19 must continue daily symptom monitoring through Day 14. If symptoms occur, they should isolate themselves, contact their health care provider, get tested for COVID-19 and must not attend school.
