ATENCIÓN

Reunión Escolar

Jueves, 6 de enero de 2022

@ 6pm

Tema:

Actualizaciones

Escolares

A través de Zoom:

Meeting ID:

841 4933 7067

Passcode: 165916

Head of School,
Jahi Bashir

Head of Operations,
Valerie Jacobson

Meeting Norms

- Please hold all your questions until the end of the presentation.

- You may also use the chat function and we will answer your questions at the end.

Please be respectful in the chat and while on the call.

Please mute your mic during the presentation

Normas de la Reunión

- Mantenga todas sus preguntas hasta el final de la presentación.
- También puede utilizar la función de chat y responderemos sus preguntas al final.

Por favor sea respetuoso en el chat y mientras está en la llamada.

Silencia tu micrófono durante la presentación

Remote Instruction 01/03 - 01/14

**Students will be remote from
January 3, 2022 - January 14, 2022.**

No School on Monday, January 17, 2022

**Students return in-person on
Tuesday, January 18, 2022**

Remote Instruction 01/03 - 01/14

**Los estudiantes estarán remotos del
3 de enero de 2022 - 14 de enero de 2022.**

No hay clases el lunes, 17 de enero de 2022

**Los estudiantes regresan en persona el
Martes, 18 de enero de 2022**

COVID-19 Transmission Data as of 1/5/22

Measure	Daily average (last 7 days)	Daily average (last 28 days)	Trend
Percent Positive Percent of people tested who test positive	34.82%	22.87%	Increasing
Confirmed Cases People with a positive molecular test	31,352	17,242	Increasing
Probable Cases People with a positive antigen test, or symptoms and confirmed exposure, or probable death	4,833	2,644	Increasing
Total Cases	36,186	19,886	Increasing
Hospitalizations — At least* People hospitalized within 14 days of diagnosis	604	372	Increasing
Confirmed Deaths — At least* Deaths with a positive molecular test	27	20	Increasing

COVID-19 Updates -What we know

- WCHS has received an allocation of 1072 at-home COVID-19 test kits from NYC DOE to send home with students/staff who show symptoms while at school
- NYS issued a memo to school districts yesterday that additional at-home test kits will soon be available to schools
- WCHS will put together a COVID-19 testing plan
- Additional information will be available and distributed next week

Actualizaciones de COVID-19 - Qué sabemos

- WCHS ha recibido 1072 kits de prueba COVID-19 para el hogar de parte del NYC DOE para enviar a casa con los estudiantes / personal que muestran síntomas mientras están en la escuela
- El estado de Nueva York emitió un memorando a los distritos escolares ayer de que pronto estarán disponibles para las escuelas kits de prueba adicionales en el hogar
- WCHS elaborará un plan de prueba de COVID-19
- Información adicional estará disponible y distribuida la próxima semana

Remote Learning Guidelines 1/3-1/14/22

Students will follow their regular Trimester 2 Schedule listed in PowerSchool:

- Use school email to log into Google meet links posted in Canvas by teachers
- Log in to Google Meet link on time to each period for the entire period of every class every day.
- Turn camera on during the entire class period.
- Wear the school uniform each school day.
- Participate actively in class activities and follow school and classroom rules.
- Complete any assignments in Canvas due by the end of each period.
- Complete homework assignments daily.
- Attend help sessions, tutoring, and/or office hours as required.
- Sign out a WCHS laptop and if needed a wifi hotspot and keep them in working order.

Pautas de Aprendizaje Remoto 3/14/1/22

Los estudiantes seguirán su horario regular del Trimestre 2 que figura en PowerSchool:

- Utilice el correo electrónico de la escuela para iniciar sesión en los enlaces de Google Meet publicados en Canvas por los maestros
- Inicie sesión en el enlace de Google Meet a tiempo para cada período durante todo el período de cada clase todos los días.
- Encienda la cámara durante todo el período de clase.
- Use el uniforme escolar todos los días escolares.
- Participar activamente en las actividades de la clase y seguir las reglas de la escuela y el salón.
- Completa las asignaciones en Canvas que vencen al final de cada período.
- Completa las tareas todos los días.
- Asistir a sesiones de ayuda, tutoría y / o horas de oficina según sea necesario.
- Firme por una computadora portátil y, si es necesario, un punto de acceso wifi y manténgalos en funcionamiento.

COVID-19 Protocols

CDC Guidelines for K-12 Schools:

- In-person instruction is a priority.
- Vaccination is the leading step to end the COVID-19 pandemic and help schools safely return to in-person learning, extracurricular and sports.
- Universal Masking in K-12 schools, regardless of vaccination status, due to the Delta variant
- Social Distancing: Schools should continue to keep students three feet apart in the classroom when possible.
- Layers of Prevention: Screening testing, ventilation, handwashing and respiratory etiquette, staying home when sick and getting tested, contact tracing in combination with quarantine and isolation, and cleaning and disinfection.
- Stay home when you are sick and contact a healthcare provider for testing and care.
- Monitor community transmission, vaccination coverage, screening testing, and occurrence of outbreaks.

Protocolos de COVID-19

Pautas del CDC para escuelas K-12:

- Instrucción en persona es una prioridad.
- La vacunación es el paso principal para poner fin a la pandemia de COVID-19 y ayudar a las escuelas a regresar de manera segura al aprendizaje presencial, extracurricular y deportivo.
- Enmascaramiento universal en escuelas K-12, independientemente del estado de vacunación, debido a la variante Delta
- Distanciamiento social: las escuelas deben seguir manteniendo a los estudiantes a tres pies de distancia en el aula cuando sea posible.
- Capas de prevención: pruebas de detección, ventilación, lavado de manos y etiqueta respiratoria, quedarse en casa cuando está enfermo y hacerse la prueba, rastreo de contactos en combinación con cuarentena y aislamiento, y limpieza y desinfección.
- Quédese en casa cuando esté enfermo y comuníquese con un proveedor de atención médica para que le hagan pruebas y reciba atención.
- Monitorear la transmisión comunitaria, la cobertura de vacunación, las pruebas de detección y la aparición de brotes.

COVID-19 Data

Indicators and Thresholds for Community Transmission*

- CDC has developed four levels of indicators and thresholds for community transmission of COVID-19.

Indicator	Low Transmission Blue	Moderate Transmission Yellow	Substantial Transmission Orange	High Transmission Red
Total new cases per 100,000 persons in the past 7 days ¹	0-9	10-49	50-99	≥100
Percentage of NAATs that are positive during the past 7 days ²	<5.0%	5.0%-7.9%	8.0%-9.9%	≥10.0%

*See table 1 in [K-12 Operational Strategy](#) for additional information

Tasa de vacunación COVID-19 a partir de 3/1/22

26

- % De población en el código postal 11206 = 55.69% completamente vacunado según www1.nyc.gov

COVID-19 Variant of Concern as of 1/3/22

27

- Delta variant = 68%* of tested cases in NYC population per www1.nyc.gov

Omicron Variant

*Early evidence shows the omicron variant is spreading rapidly in NYC. While data on this page does not yet reflect the spread of omicron due to reporting lags, [CDC estimates that more than 90% of current cases in the New York area are associated with omicron](#).

We will continue closely tracking the spread of omicron.

- [Commissioner Advisory on COVID-19 Prevention During the Holiday Season](#) (PDF, December 16)
- [Commissioner Advisory for All People to Wear Masks in Indoor Public Settings](#) (PDF, November 29)

The table below shows variants that have been observed in New York City over the past three months and their classification. Currently, delta is the most widespread variant in the city. We will continue to closely monitor these variants and any new ones as they develop.

Variant	WHO name	Last 4 weeks:	Classification
B.1.617.2	Delta	68% of tested cases	Variant of Concern
B.1.1.529	Omicron	30% of tested cases	Variant of Concern
Other		2% of tested cases	Variant Being Monitored

Variante de preocupación COVID-19 a partir de 3/1/22

28

- Variante Delta = 68% * de los casos analizados en la población de Nueva York según www1.nyc.gov

Variante Omicron

*La evidencia preliminar muestra que la variante omicron se está extendiendo rápidamente en Nueva York. Aunque los datos de esta página aún no reflejan la propagación de omicron debido a retrasos en los informes, [el CDC estima que más del 90% de los casos actuales en el área de Nueva York están asociados con omicron](#).

Continuaremos siguiendo de cerca la propagación de omicron.

COVID-19 Vaccines

The COVID-19 vaccine from Pfizer is available for New Yorkers ages 5+:

- U.S. Food & Drug Administration (FDA) fully approves the Pfizer COVID-19 vaccine for ages 16+!
 - The vaccine continues to be approved for Emergency Use Authorization for ages 5 to 15.
 - FDA authorizes Pfizer's COVID-19 vaccine boosters for ages 12+ who completed the initial series at least 5 months ago
-
- Find a vaccine site: vaccinefinder.nyc.gov
 - For assistance finding or making an appointment at a City-run site, call: **877-VAX-4NYC (877-829-4692)**. Many sites no longer require an appointment.
 - Receive the COVID-19 vaccine at home! Visit nyc.gov/homevaccine or call 877-829-4692
 - For COVID-19 vaccine information: nyc.gov/covidvaccine
 - Get a COVID-19 test: visit nyc.gov/covidtest or [find a site close to the school](#) or TEXT "COVID TEST" to 855-48

Vacunas del COVID-19

La vacuna COVID-19 de Pfizer está disponible para neoyorquinos mayores de 5 años:

- La Administración de Drogas y Alimentos de los Estados Unidos (FDA) aprueba completamente la vacuna Pfizer COVID-19 para mayores de 16 años!
- La vacuna continúa aprobada para autorización de uso de emergencia para edades de 5 a 15 años.
- La FDA autoriza los refuerzos de la vacuna COVID-19 de Pfizer para mayores de 12 años que completaron la serie inicial hace al menos 5 meses
- **Encuentre un sitio de vacunas:** vaccinefinder.nyc.gov
- **Para obtener ayuda para encontrar o hacer una cita en un sitio administrado por la ciudad, llame:** **877-VAX-4NYC (877-829-4692).** Muchos sitios ya no requieren una cita.
- ¡Reciba la vacuna COVID-19 en casa! Visite nyc.gov/homevaccine o llame 877-829-4692
- Para obtener información sobre la vacuna COVID-19: nyc.gov/covidvaccine
- Hágase una prueba de COVID-19: visite nyc.gov/covidtest o encontrar un sitio cerca de la escuela o TEXTE "COVID TEST" a 855-48

nyc.gov/covidtest

Here is what we know:

Under the present guidelines from CDC for schools, we anticipate the following safety measures until otherwise directed by NYC DOH and/or NYS:

- Prioritize in-person learning 5 days a week for all students
- Remote option available under certain conditions and if approved by the school
- Approximately 3 feet social distancing whenever possible
- Masks must be worn at all times in the school
- Daily COVID-symptom screening form must be completed by everyone prior to entering the building
- Continued frequent disinfecting and cleaning of high touch surfaces
- Ventilation in classrooms
- Onsite Nurse and coordination with NYC DOH Test & Trace Corps
- Expanded NYCDOE weekly student COVID-19 screening testing
- Coming soon: At-home test kits for students sent home with symptoms
- Encourage COVID-19 vaccinations for anyone ages 5+

Esto es lo que sabemos:

De acuerdo con las pautas actuales del CDC para las escuelas, anticipamos las siguientes medidas de seguridad hasta que NYC DOH y / o NYS indiquen lo contrario:

- Priorice el aprendizaje en persona 5 días a la semana para todos los estudiantes
- Opción remota disponible bajo ciertas condiciones y si la escuela lo aprueba
- Aproximadamente 3 pies de distanciamiento social siempre que sea posible
- Se deben usar máscaras en todo momento en la escuela
- Todos deben completar el formulario diario de detección de síntomas de COVID antes de ingresar al edificio
- Desinfección y limpieza frecuentes y continuas de superficies de alto contacto
- Ventilación en las aulas
- Enfermera en el lugar y coordinación con NYC DOH Test & Trace Corps
- Exámenes de detección de COVID-19 semanales para estudiantes de NYCDOE ampliados
- Próximamente: kits de prueba en el hogar para estudiantes enviados a casa con síntomas
- Fomente las vacunas COVID-19 para todas las personas mayores de 5 años

NYC Covid-19 Testing 2022

- **NYC DOE COVID-19 Testing - Students -Expanded!**
- Every school will have **twenty** percent of students (**regardless of COVID-19 vaccination status**) who have submitted consent for testing in their school population tested weekly.
- This way, if there is a positive case, action can be taken right away to protect the school community.
- It is important that you provide consent for your child to participate in the in-school testing program.
- Please complete this form if you **CONSENT** for your child to be tested: <https://forms.office.com/r/vdcs46m8b6>.

Pruebas de Covid-19 en NYC 2022

- **Pruebas de COVID-19 - Estudiantes -¡Expandida!**
- Cada escuela tendrá el **veinte** por ciento de los estudiantes (**independientemente del estado de vacunación COVID-19**) que hayan presentado su consentimiento para la prueba en su población escolar que se haga la prueba semanalmente
- De esta manera, si hay un caso positivo, se pueden tomar medidas de inmediato para proteger a la comunidad escolar.
- Es importante que dé su consentimiento para que su hijo participe en el programa de pruebas en la escuela.
- Por favor complete este formulario si **ACEPTA** que su hijo sea examinado: <https://forms.office.com/r/vdcs46m8b6>.

At-Home Test Kit Protocol

What if my child has COVID-19 symptoms?

Monitor your child for the symptoms including:

- fever of 100.0 degrees Fahrenheit or higher,
- chills,
- new cough,
- new loss of taste or smell, and/or
- new shortness of breath

Students should stay home if they are sick and should continue to complete the Daily COVID screener prior to coming to school.

If your child shows symptoms while at school, parent/guardian must pick them up and they will be given a COVID-19 test kit to take at home.

Protocolo del kit de prueba en el hogar

¿Qué pasa si mi hijo tiene síntomas de COVID-19?

Supervise a su hijo para detectar los síntomas que incluyen:

- fiebre de 100.0 grados Fahrenheit o más,
- escalofríos,
- nueva tos,
- nueva pérdida del gusto u olfato, y / o
- nueva dificultad para respirar

Los estudiantes deben quedarse en casa si están enfermos y deben continuar completando la evaluación diaria de COVID antes de venir a la escuela.

Si su hijo muestra síntomas mientras está en la escuela, el padre / tutor debe recogerlos y se les entregará un kit de prueba de COVID-19 para que lo lleven a casa.

At-home Test Kit Protocol

Students who have a take-home test kit will need to take the test two times over the course of five days (each kit includes two tests):

- o Students who may have been exposed to COVID in the school should take a test that evening and then again on Day 5.
- o If a student begins to show symptoms of COVID before Day 5, you should use the test kit immediately.

Anyone who tests positive on a take-home test should immediately report it to the school and begin isolating. Students who test positive must isolate for 10 days and can return to school on Day 11. No negative test is required to return to school at this time.

Protocolo del kit de prueba en el hogar

Los estudiantes que tengan un kit de prueba para llevar a casa deberán realizar la prueba dos veces en el transcurso de cinco días (cada kit incluye dos pruebas):

- o Los estudiantes que puedan haber estado expuestos a COVID en la escuela deben tomar una prueba esa noche y luego otra vez el día 5.
- o Si un estudiante comienza a mostrar síntomas de COVID antes del día 5, debe usar el kit de prueba de inmediato.

Cualquiera que dé positivo en una prueba informar inmediatamente a la escuela y comenzar a aislarse. Los estudiantes que den positivo en la prueba deben aislarse durante 10 días y pueden regresar a la escuela el día 11. No se requiere una prueba negativa para regresar a la escuela en este momento.

At-home Test Kit Protocol

What if my child has been identified as a close contact of a confirmed case of COVID-19?

In school settings, a close contact is someone who has been within 6 feet for 10 or more minutes over a 24-hour period of someone who has COVID-19 during their infectious period, regardless of face mask use or the presence of plexiglass or other barriers.

Exception: Per CDC guidance, in the classroom setting, students sitting 3 to 6 feet from a student with COVID-19 do not need to quarantine if they and the student with COVID-19 wore masks correctly and consistently. This exception applies only to students and not to staff.

Additional updates will be shared as they become available.

Protocolo del kit de prueba en el hogar

¿Qué pasa si mi hijo ha sido identificado como un contacto cercano de un caso confirmado de COVID-19?

En entornos escolares, un contacto cercano es alguien que ha estado a menos de 6 pies durante 10 minutos o más durante un período de 24 horas de alguien que tiene COVID-19 durante su período infeccioso, independientemente del uso de mascarilla facial o la presencia de plexiglás u otros barreras.

Excepción: según la guía del CDC, en el aula, los estudiantes que se sientan a una distancia de 3 a 6 pies de un estudiante con COVID-19 no necesitan ponerse en cuarentena si ellos y el estudiante con COVID-19 usaron máscaras de manera correcta y consistente. Esta excepción se aplica sólo a los estudiantes y no al personal.

Se compartirán actualizaciones adicionales a medida que estén disponibles.

January Regents -CANCELLED

To qualify for a January 2022 Regents Exemption, your child MUST meet one of these requirements by the end of the first semester of the 2021-22 school year:

- Be enrolled in a course that would ordinarily culminate with a January 2022 Regents Examination and earn credit for such course of study;
- Complete a make-up program to earn course credit; or
- Be prepared to take a required Regents Examination to graduate at the end of the first semester.

Check with your child's counselor if you have questions about Regents exemptions for your child.

Regents en enero -CANCELADOS

Para calificar para una exención para Regents de enero de 2022, su hijo DEBE cumplir con uno de estos requisitos al final del primer semestre del año escolar 2021-22:

- Estar inscrito en un curso que normalmente culminaría con un examen Regents de enero de 2022 y obtener crédito por dicho curso de estudio;
- Completar un programa de recuperación para obtener créditos del curso; o
- Esté preparado para tomar un examen Regents requerido para graduarse al final del primer semestre.

Consulte con el consejero de su hijo si tiene preguntas sobre las exenciones de Regents para su hijo.

Frequently Asked Questions

How will I know when school resumes in-person instruction? Parents will receive an auto call/email informing them. Academy leaders will also message families. Continue to stay connected for updates.

What if my child tests positive for covid?

Alert the school by contacting the Attendance Office at 718-782-9830 or awitkowski@thewcs.org or Email covidconcerns@thewcs.org. Your child should stay home for 10 days and you should call your health provider to discuss treatment.

Preguntas Frecuentes

¿Cómo sabré cuando la escuela reanude la instrucción en persona? Los padres recibirán una llamada automática / correo electrónico informándoles. Los líderes de la academia también enviarán mensajes a las familias. Continúa conectado para recibir actualizaciones.

¿Qué pasa si mi hijo da positivo en la prueba de covid? Avise a la escuela comunicándose con la Oficina de Asistencia al 718-782-9830 o awitkowski@thewcs.org o Email covidconcerns@thewcs.org. Su hijo debe quedarse en casa durante 10 días y usted debe llamar a su proveedor de salud para discutir el tratamiento.

Frequently Asked Questions

Does my child have to test negative for covid prior to returning to in-person instruction? We encourage everyone to get tested for COVID-19 prior to returning to school. Call 212-COVID19, visit <http://nyc.gov/covidtest>, text "COVID TEST" to 855-48 or call 311 to find a site.

What if someone in my household tests positive for covid, but not everyone in the house tests positive?

Follow the department of health contact tracing guidelines to determine who should quarantine. Visit nyc.gov/preventcovid and click on COVID-19: Understanding Quarantine & Isolation

Preguntas Frecuentes

¿Mi hijo tiene que dar negativo en la prueba de covid antes de regresar a la instrucción en persona?

Alentamos a todos a hacerse la prueba de COVID-19 antes de regresar a la escuela. Llame al 212-COVID19, visite <http://nyc.gov/covidtest>, envíe un mensaje de texto con "COVID TEST" al 855-48 o llame al 311 para encontrar un sitio.

¿Qué pasa si alguien en mi hogar da positivo por covid, pero no todos en la casa dan positivo? Siga las pautas de rastreo de contactos del departamento de salud para determinar quién debe poner en cuarentena. Visite nyc.gov/preventcovid y haga clic en COVID-19: Comprensión de la cuarentena y el aislamiento

Frequently Asked Questions

Will the school provide covid tests to students for take home use? Students who show symptoms while at school will need to be picked up and will be sent home with an at-home test kit plus instructions.

Is the covid 19 vaccination mandatory for all students? COVID-19 vaccines are strongly encouraged- especially in light of the spread of Delta and Omicron variants.

Should my child get a booster? FDA authorizes Pfizer's COVID-19 vaccine boosters for ages 12+ who completed the initial series at least 5 months ago.

Preguntas Frecuentes

¿La escuela proporcionará pruebas Covid a los estudiantes para que las lleven a casa? Los estudiantes que muestren síntomas mientras están en la escuela deberán ser recogidos y enviados a casa con un kit de prueba en el hogar e instrucciones.

¿La vacuna covid 19 es obligatoria para todos los estudiantes? Se recomienda las vacunas COVID-19, especialmente a la luz de la propagación de las variantes Delta y Omicron.

¿Debería mi hijo recibir un refuerzo? La FDA autoriza los refuerzos de la vacuna COVID-19 de Pfizer para mayores de 12 años que completaron la serie inicial hace al menos 5 meses.

Frequently Asked Questions

Can I request for my child to be remote for the rest of the school year? [Trimester 3 Remote Learning Requests](#) are due by Friday, March 4, 2022.

What if I have questions, who should I contact?
[Email covidconcerns@thewcs.org](mailto:covidconcerns@thewcs.org) .

What if I am unsure about whether to get the covid 19 vaccination, or allow my child to get the covid 19 vaccination? [Contact your child's health care provider for more information.](#) You can also visit: [COVID-19: Vaccine - NYC Health](#)

Preguntas Frecuentes

¿Puedo solicitar que mi hijo esté remoto durante el resto del año escolar? Las solicitudes de aprendizaje remoto del tercer trimestre vencen antes del viernes 4 de marzo de 2022.

¿Qué pasa si tengo preguntas, con quién debo comunicarme?

Email covidconcerms@thewcs.org .

¿Qué sucede si no estoy seguro de si debo vacunarme contra el covid 19 o permitir que mi hijo reciba la vacuna contra el covid 19?

Comuníquese con el proveedor de atención médica de su hijo para obtener más información. También puedes visitar: [COVID-19: Vaccine - NYC Health](#)
