## **BUILDING BEATS**

Students enrolled in their FREE program learn the fundamentals of DJ'ing, mixing, blending, cutting, scratching, using sound FX and more. Students in the program can earn income working as a DJ.

## **STEM FROM DANCE**

STEM stands for Science, Technology, Engineering and Math. Black and Latina women make up only 4% of the STEM workforce.

STEM FROM DANCE uses dance to empower, educate, and encourage girls as our next generation of engineers, scientists, and techies. Students build their confidence through dance and create challenging, technology-infused performances – ultimately building the skills needed for a future in STEM. They will speak about their FREE Summer Program “GIRLS RISE UP”

## THE MARCY LAB SCHOOL

The Marcy Lab School program prepares young adults from diverse backgrounds for full-time careers in software engineering. This is a one year FREE program that provides textbooks, laptops and a small stipend to students. Graduates typically earn an average salary of just above \$100,000 per year in their first year of work.

## THE ANIMATION PROJECT (TAP)

TAP nurtures the social and emotional growth of young people, using digital arts technology as a therapeutic medium and workforce development tool. Trainees of this FREE program engage with industry professionals and are prepared for internships and jobs at top animation studios. Students can participate in paid virtual programs.
