Guidance During High Alert Level

- **Stay up to date with COVID-19 vaccines: Get vaccinated and boosted.** Vaccines are available for everyone ages 5 and older. Booster doses are available for everyone 12 and older.
 - Visit the [NYC COVID-19 and Flu Vaccine Finder](#) or call 877-VAX4NYC (877-829-4692) to find a vaccination site.
 - [COVID-19: Vaccine](#)
- **Wear a face mask in all public indoor settings and crowded outdoor settings.** Upgrade to higher-quality masks, including KN95, KF94, N95, or a cloth mask on top of a surgical mask. Higher-quality masks will most benefit people who are at high risk of severe illness, are over 65 or are unvaccinated.
 - [Guidance for Face Masks](#)
- **Consider avoiding higher-risk activities.** Do not go to crowded, indoor gatherings. Limit any type of gathering to a small number of people.
- **Get tested.** Testing is especially important if you have COVID-19 symptoms or were recently in contact with someone who tested positive for COVID-19. You should also get tested before and after traveling or getting together with others.
 - [COVID-19: Testing](#)
- **Stay home if sick or recently exposed.** Follow all isolation and quarantine guidance, including wearing a face mask. COVID-19 is highly contagious. You can spread COVID-19 even if you do not have symptoms.
 - [COVID-19: What to Do When Sick](#)
- **Wash your hands.** Wash your hands frequently with soap and water for at least 20 seconds, or use a hand sanitizer.

COVID Safety & Emergency Preparedness Updates

- Students whose family consented to be tested continue to receive weekly PCR testing provided by NYC DOE. Our current testing allotment is 86 students per week.
- As cases rise again across New York City, the NYC DOE will be providing every student with four COVID-19 home tests each week until further notice. Two tests are for students and two are for a family member to use.
- We continue to submit COVID numbers to NYS Department of Health daily.

COVID Recommendations (High):

- Wear a mask.
- Get vaccinated and boosted.
- Stay home when sick.
- Get tested.
- Consider other precautions, such as avoiding crowds, limiting gatherings to a small number of people, increasing ventilation, and wearing a higher quality mask. This is especially important for people who are at increased risk due to age, underlying medical condition, or because they are unvaccinated.
